Post-Symposium Publications:

The Scientific Committee of the Symposium recommends publication of articles based on the studies presented at the Symposium in the periodicals listed below. Please note that the publication should be approved by the Scientific Committee.

1. **Annales UMCS Sectio AA Chemistry**: https://journals.umcs.pl/aa/about

   Special issue dedicated to the Symposium:
   Minimum number of submissions for Special Issue is 20
   if submitted less than 20, all manuscripts will be re-directed to the regular issue.

   Submission open after Symposium registration deadline.
   For pre-Symposium submission the manuscript should be approved by Scientific Committee

   Submission deadline: November 8, 2020 ;
   Special issue finalized: December 2020.

2. **Physicochemical Problems of Mineral Processing**: http://www.journalssystem.com/ppmp/

   Special issue dedicated to the Symposium.

   Submission open after the Symposium;
   Submission deadline: January 31, 2021;
   Special issue decision for article publication: no later than April 30, 2021;
   Special issue published: July 1, 2021.

3. **Chemistry, Physics and Technology of Surface**:
   https://www.isc.gov.ua/index.php/ua/publishing-activities/phys-chem-tech
   https://www.isc.gov.ua/index.php/en/publishing-activities/phys-chem-tech

   Details to be announced later.

4. C**atalysis and Petrochemistry**:
   http://kataliz.org.ua/index.html
   http://kataliz.org.ua/en/index.html

   Details to be announced later.
