

The decision of the Scientific Committee of the Symposium is that only the manuscripts based on the studies which were *de facto* presented on the XVI Symposium (August 28-31 2018, Lublin) could be considered for the publication in the Special Issue of *Colloids and Interfaces*. The *de facto* presentation should be understood to mean either the oral presentation made by one of the authors of the study, or the poster presentation attended by at least one of the authors of the study who could give the explanations regarding the subject matter of the work during the poster session. The invitations to submit the manuscripts were sent to all the colleagues who were present at the Symposium.

In this regard:

1. Please inform the Secretary by e-mail no later than September 30, 2018 whether you will be able to submit a manuscript by the end of December 2018 the latest. In the e-mail please specify which study presented at the Symposium will be summarized in your contribution. You will get details on the submission process as soon as you agree to contribute to the special issue.
2. The manuscripts should be submitted no later than December 30, 2018. Please note that the submission should be made only according the lines which will be indicated as in item 1 above. The manuscripts submitted otherwise (e.g. sent to the Guest editors of the Special Issue) will be disregarded.
3. The manuscripts will be considered through the normal refereeing process of *Colloids and Interfaces*. The Guest editors will inform the Editor-in-Chief about their recommendation based solely on the Referees' conclusions. The final decision about the publication will be taken by the Editor-in-Chief.

The information about the Special Issue is posted at the web-site of *Colloids and Interfaces*:
